

Community Caregiver Support Group

IMPORTANT NOTICE

As you may be aware, the Encore Adult Day Program will be closing effective March 31st. Since the monthly support group is an extension of Encore, the support group is not able to continue in its current form. Efforts are being made to establish a new caregiver support group in conjunction with the Waconia Area Senior Center. Leadership of the Senior Center is now under the direction of Senior Community Services staff. This agency provides support group facilitators in many communities including Chanhassen, Eden Prairie and Edina.

It is my hope that many of you will continue to attend a newly established group. I am planning to help with the group and will invite the new facilitator to attend our March support group so you can introduce yourselves. It goes without saying that caregivers supporting other caregivers has immeasurable value and I would like to assist in the process of having the group continue in some capacity.
